

Academy of the Sacred Heart College Application Student Questionnaire

Name: _____

It will be my responsibility to write the "Official School Recommendation" for your college applications and supply a recommendation to each school. My letter will reflect your academic and extra curricular record/ achievements and, more importantly, say something about you as a person - your promise for further personal and intellectual growth, why colleges would want you to be a part of their student population.

Sometimes it is difficult to talk about yourself, but you need to take the time to consider each of these questions and answer them with thoughtfulness. Don't be shy. Tell me about the qualities that make you "YOU". Don't limit yourself to your school activities. Every part of your life is important in this exercise. Try to be specific.

Please return this completed form to me by the first day of your senior year. The sooner, the better!

I look forward to working with you.

Ms. Parks

Please share any other information that you think is important relative to your school recommendation for college admission (unusual circumstances at home or in school which may have affected you.)

Which teachers are you planning to ask to write your recommendations (if the schools you apply to request them?) The teacher you choose should reflect the academic strength you may want to emphasize - e.g. An engineering school would want a math or science teacher to offer a recommendation for you.

Where are you planning to apply at this moment?

Attach Activity Sheet or Resume

Starting with your freshman year, create your activity list and it attach here. It should include all your activities -inside school - SCG, drama, sports, service, project term, class officer - other leadership, etc. and outside school - volunteer work, jobs, summer programs, educational travel and all honors or awards received.
